Southern Stone County Fire Protection District Policies

PURPOSE

The purpose of this organization shall be to provide fire protection, rescue, emergency medical care, and fire safety education within the Southern Stone County Fire Protection District. Provide mutual aid assistance to other departments and local government agencies.

MISSION STATEMENT

To promote life safety and reduce human suffering to the citizens and visitors of the Southern Stone County Fire Protection District.

To achieve this goal through public education and fire prevention programs.

We shall seek to minimize the results of fire, medical or rescue emergencies and disasters in this District.

To understand that each firefighter is valuable and to maximize each persons potential.

To serve our District with professionalism, excellence and devotion to duty.

To strive for the future, never forgetting the past.

TITLES, DEFINITIONS

A. Policy. A directive set forth by the Board of Directors that shall dictate the responsibilities of our organization and its members.

B. Procedure. An operational instruction to explain how a task is to be performed as well as what should be the intended result.
